

It is time for the FCC to renounce the nepotism that has plagued its operation and serve the American people. It is an egregious affront to me as a co-owner of our airwaves, that these same airwaves will be used to spread slime against John Kerry, posing as a "documentary" to all American voters who tune into the 25% of stations owned by Sinclair Broadcastin.

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear violation of the explicit rules for airwaves use before an election. It is time for the FCC to restore its integrity and block the express desire of Sinclair Broadcasting to violate its agreement with the public in the use of our public airwaves.
